RE: Market Rate Case Management Issue – June 2021 Billing Report

Attached is the “Case Management Revenue by Provider” report for June 2021. The reports include: (1) the average monthly revenue per waiver individuals, (2) the average revenue per non-waiver individuals (MTCM/SFCM) and (3) a total average revenue per individual. The statewide average revenue per individual is outlined in the chart for June. The average revenue per individual increased from \$100.60 in May to \$108.40 in June.

Average Revenue per Individual by Category

June 2021		
Statewide Average Revenue Per Individual by Category		
WCM	MTCM/SFCM	Total
\$113.50	\$79.03	\$108.40

Of the individuals enrolled in the waiver on June 30, 624 people did not have a reportable note submitted during the month of June despite the WCM requirement to do so. This represents 5 % of the waiver individuals in the system. This represents an increase of 1.4% from the prior month of May. During the month of January 2021, DDSN began looking for trends of individuals who have not been contacted for consecutive months. Individual providers and case managers are being notified and technical assistance is being provided as necessary.

Invoices

In addition to payment for Medicaid ineligible, there are units not paid this month that can possibly be corrected and resubmitted next month. Please see the memo sent on September 9, 2019, regarding [Invoice Report Analysis Guidance](#) for instructions to take action on the invoice issues. A review of the June 2021 invoices for Medicaid Ineligible and Not Paid are reflected in the charts below:
