VII. GASB CREATES EMERGENCY TOOLKIT:

There are a host of potential accounting issues to consider related to the COVID-19 pandemic. GASB has created a toolkit to assist governmental preparers and auditors in identifying those areas of generally accepted accounting principles that should be considered when preparing financial statements this fiscal year. DDSN recommends that GASB filers and auditors familiarize themselves with this toolkit and utilize the resources provided at this link: [GASB Emergency Toolkit](#).

VIII. SSI RECIPIENTS WILL RECEIVE AUTOMATIC ECONOMIC STIMULUS PAYMENTS:

The Treasury Department announced that Supplemental Security Income (SSI) recipients will receive automatic Economic Impact Payments directly from the Treasury Department. Treasury anticipates these automatic payments to go out no later than early May. SSI recipients with no qualifying children do not need to take any action in order to receive their \$1,200 economic impact payment. The payments will be automatic.

SSI recipients who have qualifying children under age 17, however, should not wait for their automatic \$1,200 individual payment. They should now go to the IRS webpage and visit the [*Non-Filers: Enter Your Payment Info*](#) section to provide their information. By taking proactive steps to enter information on the IRS website about them and their qualifying children, they will also receive the \$500 per dependent child payment in addition to their \$1,200 individual payment. If SSI beneficiaries in this group do not provide their information to the IRS soon, they will have to wait until later to receive their \$500 per qualifying child.

Please note that the agency will not consider Economic Impact Payments as income for SSI recipients, and the payments are excluded from resources for 12 months.
