Re: E-Learning Event: DHEC-DDSN Webinar on COVID-19/Omicron Variant

The South Carolina Department of Disabilities and Special Needs (DDSN) is partnering with the Department of Health and Environmental Control (DHEC) to host an infection control and prevention webinar covering newly released guidance from the Centers for Disease Control and Prevention (CDC). Given the increase in positivity rates among youth, information case managers and early interventionists can share with individuals served and or their families will be highlighted. This webinar will be recorded and archived on DDSN's website for on-demand viewing by Providers and our stakeholders.
