Benefits of an Inclusive Playground

All children/adults want to play. Unfortunately, not all playgrounds are inclusive or even accessible for all children/adults to play. Inclusive playgrounds give everyone the opportunity to experience recreation opportunities. These opportunities will increase self-esteem, compassion, teamwork, and awareness. The quality of life in children and adults not only in the Town of Moncks Corner but beyond will greatly benefit a barrier free inclusive playground. Studies have shown that inclusive playgrounds are beneficial to not only the therapeutic population but also mainstream children and adults for improving overall quality of life.

Description of Inclusive Playground:

- Play equipment such as swings and climbing structures
- Sensory play equipment such as a braille panel and beat blocks
- Equipment will improve motor, cognitive, and social skills

- Areas for running and jumping.
- Ramps to make it possible for children/adults to play on equipment
- Wheelchair accessible seats for swings
- Modified slides with ramps for support
- The equipment is built larger and has wider spaces to give access to wheelchairs and other mobility devices
