### Plan/Accounting of how these funds will be spent:

Description	Budget	Explanation
Constuction of campus for adults with autism & other special needs	\$5,000,000.00	The total construction budget is \$15,000,000. The initial \$5,000,000 will allow partial completion of the overall campus, estimate to include at least two homes and a multi-purpose building.
<b>Grand Total</b>	<b>\$5,000,000.00</b>	

### Please explain how these funds will be used to provide a public benefit:

The public has a strong interest in providing adequate care and housing for individuals with special needs. There is broad support for action by the state to support these efforts. Even proponents of the most limited forms of government rightfully agree that an appropriate function of government is to care for those who are, through no fault of their own, unable to care for themselves.

The need is great. The prevalence of autism in particular has skyrocketed in recent years. Thus, even to the extent that adequate housing and vocational opportunities for adults with autism ever existed in South Carolina, they are woefully inadequate now. South Carolina will soon reach a crisis point and the time to act is now.

Today in South Carolina, in order for a person with a developmental disability to access current Medicaid-funded housing of any kind, he or she typically has to demonstrate a "critical need," such as the death of a parent or a serious illness. However, even demonstrating critical need does not itself result in access to housing; it just gets one placed on the "critical needs waiting list." The last time we inquired of DDSN, there were more than 75 people on a multi-year critical needs waiting list. The housing at this campus would help reduce that waiting list and will serve some of the most difficult-to-place individuals with special needs.
