**SUBJECT:** Applied Behavior Analysis Provider Directory

---

The purpose of this communication is to inform Case Management and Early Intervention providers of the Applied Behavior Analysis (ABA) Provider Directory now available under “Business Tools” and “Case Management Tools”.

The comprehensive directory contains information on fifty-nine (59) ABA providers throughout the state. Easily select the county in which the client lives, the client’s age, and their primary insurance to find results of all ABA providers meeting the search criteria. Additional information included in the results are approximate wait times, minimum hours required, service location (i.e., home, clinic, or both), contact information, and website.
