## South Carolina Department of Disabilities & Special Needs

Residential Habilitation: Administrative Compliance & Individual Service Review

Key Indicator Review Tool for FY2025

## The Key Indicators are based on DDSN Service Standards, Agency Directives, and Medicaid Policy/Requirements.

Providers must use designated modules in Therap to document service delivery.

Timelines for implementation of individual Therap Modules may be found at: <a href="https://help.therapservices.net/app/south-carolina/">https://help.therapservices.net/app/south-carolina/</a>

	etc.), or the environment, (i.e., property destruction, etc.) are addressed.	
	*DDSN is using the term "behavior guidelines" to describe the following from DDSN Directive 600-05-DD: "When, for those receiving Residential Habilitation, a Behavior Support Plan is not used in conjunction with psychotropic medication, the specific behavior/psychiatric symptoms targeted for change by the use of psychotropic medications must be clearly noted. Data must be collected on the occurrence of those behaviors/symptoms targeted for change."	
RH-702	The record reflects documentation and discussion of the person's due process	Source: Directive 535-02-DD and DDSN Residential Habilitation Standards
	rights and opportunity to present issues to the Human Rights Committee. Any	DDGN Nosidential Habilitation Standards
	Restrictions in the Service Plan have been approved by the HRC with a plan for	
RH-703	continued review and/or discontinuation.  Prior to the development of a behavior support plan there must be a documented	Source: DDSN Residential Habilitation Standards
	functional assessment that yields a summary statement that identifies function of	
	behaviors, antecedents, setting events and replacement behaviors.	
RH-704	Behavior Support Plans must contain Support Procedures that include each of	Source: DDSN Residential Habilitation Standards
	the following:	
	Setting Event and Antecedent Strategies.     Teaching Strategies.	
	3) Consequence Strategies.	
	Crisis Management Strategies.     Data Recording Method; and	
	6) Data Collection Forms.	
RH-705	Training for DSPs must accompany the plan and must include names, dates,	Source: DDSN Residential Habilitation Standards
W	and signatures of DSPs trained and the name of the trainer and/or authorized	
	secondary trainer. In addition, the following components must be included:	
	<ol> <li>written and verbal instruction.</li> <li>modeling.</li> </ol>	
	3) rehearsal; and	
RH-706	4) trainer feedback.	Source: DDSN Residential Habilitation Standards
KH-700	Fidelity procedures must occur quarterly by the plan author or authorized	Source. DDSN Residential Habilitation Standards
	secondary trainer and must document direct observation of DSP(s) implementing procedures according to the plan. Documentation must include	
	name(s) and date(s) of DSP(s) being observed, description of observation, and	
	signatures of DSP(s) and Observers.	
RH-707	Progress monitoring must occur at least monthly and produce data-based	Source: DDSN Residential Habilitation Standards
	progress summary notes. Details of future (planned) implementation must be	
	described and include any barriers that need to be addressed (e.g., inaccurate	
	implementation, incomplete data collection, etc.), and any changes that need to	
	be made to the procedures based on lack of progress or deteriorating	
DU 700	performance.	Course DDCN Decident - U.S. Station Chr. decide
RH-708	If fidelity procedures reveal that the BSP is being properly implemented and data	Source: DDSN Residential Habilitation Standards
	properly collected, yet no progress is observed for the problem behavior, replacement behavior, or desired behavior for 3 consecutive months, then the	
	Functional Assessment and its summary must be revisited with input from	
	program implementers to determine the benefits modifying or augmenting BSP	
	procedures or enhancing DSP training.	
RH-709	As needed by the person, but at least quarterly, psychotropic medications (or	Source: DDSN Directive 600-05-DD and
	any medications prescribed for behavioral control) and the BSP are reviewed by	DDSN Residential Habilitation Standards
	the prescribing physician, physician's assistant, or certified nurse practitioner;	
	the professional responsible for behavioral interventions; and support team. The	
	behaviors/psychiatric symptoms targeted, (i.e. target behaviors) for change will	
	be identified and documented in the review process.	

RH-710	The specific behaviors/psychiatric symptoms targeted for change by the use of	Source: DDSN Directive 600-05-DD and			
	the psychotropic medication, as identified in the quarterly psychotropic	DDSN Residential Habilitation Standards			
	medication review process, are clearly noted in the Residential Support Plan and				
	the quarterly psychotropic drug review team meeting document.				
RH-711	The Psychotropic Drug Review process provides for gradually diminishing	DDSN Directive 600-05-DD and			
	medication dosages and ultimately discontinuing the drug unless clinical	DDSN Residential Habilitation Standards			
	evidence to the contrary is present.
