

## Summary of Changes

**Administrative Key Indicator:** No Changes

**Case Management:** Changes To Waiver Case Management Section:

**New Key Indicator(s):**

**CM-731:** Waiver Case Management is provided separate from the delivery of services. Cases that enter conflict must be de-conflicted within 60 days.

**Revised Key Indicator(s):**

**CM-723:** Information including the benefits and risks of participant/representative directed care is provided to the participant/representative prior to the authorization of Adult Attendant Care (ID/RD), Attendant Care (HASCI), Respite (ID/RD, CS, HASCI) or In-Home Supports (CS).

**CM-724:** Before authorization of participant/representative directed Adult Attendant Care Services (ID/RD), Attendant Care (HASCI), Respite (ID/RD, CS, HASCI) or In-Home Supports (CS), the absence of cognitive deficits in the participant that would preclude the use of participant/representative directed care is assessed and documented.

**CM-725:** Before authorization of participant/representative directed Adult Attendant Care Services (ID/RD), Attendant Care (HASCI), Respite (ID/RD, CS, HASCI) or In-Home Supports (CS), the participant/representative is provided information about hiring management and termination of workers as well as the role of the Financial Management System.

**Day Services:** No Changes

**Employment Services:** No Changes

**Residential Habilitation Services:** No Changes

**Early Intervention Services:** Changes To Early Intervention Service Delivery Section: Please reference EI Crosswalk to see Key Indicator number changes and specific revisions to Key Indicators.

**New Key Indicator(s):**

**EI-401:** Documentation exists that the Early Interventionist attempted to contact the family within two (2) business days of receiving a new referral from BabyNet

**EI-402:** Written Prior Notice is given to the family prior to evaluation, assessment, and screening.

**EI-413:** IFSP includes documentation that a Routines-based Interview was completed prior to the initial and annual. IFSPs OR documentation that the family declined participation in the family assessment.

**EI-415:** Each service on planned services is required to meet at least one IFSP outcome.

**EI-421:** If the Transition Conference occurs after 33 months, the Early Interventionist has selected the appropriate late reason and documentation exists to support this late reason.

**EI-439:** BabyNet- Vision and Hearing screening should be completed prior to each annual IFSP.

**Revised Key Indicator(s):**

**EI-403:** Written Prior Notice is given to the family prior to the initial, six-month update and annual IFSP.

**EI-407:** The Parent/Caregiver is provided a copy of the initial, 6-month review and annual IFSP.

DDSN only – The Parent/Caregiver is provided a copy of the initial, 6-month review and annual Plan within 10 business days of completion.

**EI-412:** IFSP includes current present levels of development.

**EI-417:** All needs that are documented on the child's IFSP are addressed within 30 days of identification

unless there was a child/parent driven reason why the service wasn't provided.

**EI-419:** Documentation exists that the Transition Referral Form was sent to LEAs between 27 and 33 months. If the family declines participation in the transition process and/or conference, the family must indicate their refusal and sign the Transition Referral Form.

**EI-420:** Transition Conference is held between 27 and 33 months prior to the child's third birthday.

**EI-422:** Outcomes/goals are based on needs identified in family and child assessments.

**EI-432:** If applicable, documentation in service notes indicates that the case was closed and the reason for closure.

**EI-434:** The Choice of Early Intervention Provider is offered at the initial FSP and then annually.
