

DDSN Weekly Regional Center Positive COVID-19 Update

(data as of Monday, November 15, 2021)

DDSN provides the following information for families, stakeholders, and the media for each Regional Center by residents & staff:

- total COVID-19 positive cases since the beginning of the Pandemic;
- total COVID-19 related deaths since the beginning of the Pandemic;
- total COVID-19 positive cases still in CDC 14 day quarantine period (cases presumed to still have infection & spread risk); and
- total COVID-19 positive cases 15+ days from 1st symptom or test date (cases indicate most, but not all, are clear of infection & spread risk).

Regional Center	Census (Staff=FTEs)	Total Positive COVID-19 Cases During Pandemic	Positive COVID- 19 Cases Still in CDC 14 Day Quarantine Period	Positive COVID- 19 Cases 15+ Days from 1st Symptom or Test Date	Deaths
Coastal - Residents	141	67	0	67	2
Coastal - Staff	349	108	1	108	0
Midlands - Residents	133	59	0	59	0
Midlands - Staff	312	93	0	93	1
