Adoption of the Agenda

On motion of Commissioner Unumb, seconded by Commissioner Blackwood, the Commission adopted the July 18, 2019 Meeting Agenda. (Attachment A)

Invocation

Commissioner Thompson gave the invocation.

Approval of the Commission Meeting Minutes

On motion of Commissioner Unumb, seconded by Commissioner Blackwood, the Commission approved the minutes of the June 20, 2019 Commission Meeting with a change.

Public Input

The following individuals spoke during Public Input: Patricia Harrison, Jerry Mize, and Jason Tavenner.

Commissioners' Update

Commissioner Blackwood shared information on the Fragile X Awareness Day Ceremony to be held at the State House on July 22, 2019. She also attended the Whitten Center Beach Blast held last month.

Chairman Lemel stated as many of you know we expected to have at least one interim appointment to join us on the Commission. We have been informed that that interim appointment will not be taking place by agreement between the legislature and the Governor's office, an agreement that doesn't really have anything to do with DDSN but has an impact on us until the legislature is back in session and an individual can go through the normal appointment process. Chairman Lemel added that the Commission is at four members which has an impact on all of us in terms of the amount of work that the Commission is going to have to do and encouraged the members to attend the meetings in order to have a quorum.

Committee Assignment

Chairman Lemel appointed the following Committee Chairs to organize the Committee meetings and added that all other Commission members will serve on all Committees until there are enough Commission members. At such time as any additional commissioners are appointed, we will be revisiting this and we will operate under this system until that time.

Policy Committee - Commissioner Thompson, Chairman

Legislative Committee - Commissioner Unumb, Chairman

Policy Committee Update

Committee Chairman Thompson gave an update of the Policy Committee meeting that was held July 10, 2019. There were six standards to review but due to the timeframe, only three were reviewed. On behalf of the Policy Committee, Commissioner Thompson recommended that the Commission approve the following standards. (Attachment B)

Commissioner Blackwood moved to approve the Employment Services Individual Standards. Seconded by Commissioner Unumb, the motion passed.

The Employment Services Group Standards were approved with no opposition.

There was discussion on the Licensing Day Facilities Standards. Commissioner Thompson moved to approve the Licensing Day Facilities Standards as presented. Seconded by Commissioner Unumb, the motion passed.

In order for staff to provide guidance to the Policy Committee before the next committee meeting regarding the Residential Habilitation Standards, Commissioner Thompson made the following motion:

- 1. Reopen standards for public comment.
- 2. Create a work group to review the standards and obtain the work group's feedback.
- 3. Research other states' approach to setting the standards.

Seconded by Commissioner Unumb, the motion passed.

Commissioner Unumb requested that the research of the states include more than just Georgia, North Carolina, and Tennessee.

Case Management Update

Ms. Beck shared a PowerPoint presentation that provided information on Case Management. Discussion followed. At Commissioner Thompson's request, Mr. Maley will provide a detailed billing report. (Attachment C)

EI Update

Mr. Britt reported that per a conference call he participated in this morning with DHHS, as of today, DHHS will release answers to frequently

asked questions and will indicate in writing to providers of EI services to continue practices as they have until further notice. DHHS did recognize that maybe the comments regarding prep time were premature. They will also provide weekly bulletins providing more clarity on EI.

Follow-Up to Community Contacts

Mr. Clark stated he followed-up with the Commission with the answers to their questions at the June 20, 2019 meeting regarding community contracts; however, he wanted to share the responses in public. (Attachment D – Questions and Answers)

HCBS Settings Regulation Training

Ms. Shaffer, Executive Director of MaxAbilities of York County, demonstrated the HCBS Settings Regulation training that the Board provides.

Family Support/Respite Administrative Costs

Mr. Clark presented information on family support/respite administrative costs. Commissioner Unumb moved that the Commission approve the recommendation to change the current practice to allow administrative costs as an expense in the Family Support/Respite Program. Commissioner Blackwood seconded and the motion passed. (Attachment E)

Financial Update

Mr. Clark provided an overview of the agency's financial activity and the agency's current financial position. Commissioner Unumb motioned to accept the financial report as presented. Seconded by Commissioner Blackwood, the motion passed. (Attachment F)

Provider Contract Increases

Mr. Clark provided information on the 2020 Contract Amendments for CHESCO, Dorchester, and Laurens DSN Boards. Commissioner Blackwood moved to approve the amendments as presented. Seconded by Commissioner Unumb, the motion passed. (Attachment G)

State Director's Report

Director Poole reported on various topics. (Attachment H)

STANDARDS FOR LICENSING DAY FACILITIES

Effective July 1, 2009

Revised: Effective July 1, 2010

Revised: Effective October 20, 2015

Revised: Effective October 1, 2017

Revised: Effective July 18, 2019

South Carolina Department of Disabilities and Special Needs STANDARDS FOR LICENSING DAY FACILITIES

South Carolina Code Ann. § 44-20-710 (Supp. 2014), authorizes DDSN to license day facilities for children and/or adults. The Code states:

"No day program in part or in full for the care, training, or treatment of a person with intellectual disability, a related disability, head injury, or spinal cord injury may deliver services unless a license first is obtained from the department. For the purpose of this article "in part" means a program operating for ten hours a week or more. Educational and training services offered under the sponsorship and direction of school districts and other state agencies are not required to be licensed under this article."

DDSN is authorized to establish minimum standards of operation and license programs as Adult Activity Centers, Work Activity Centers, Sheltered Workshops, and Unclassified Programs which are defined as follows:

- Adult Activity Center: A goal oriented program of developmental, prevocational services designed to develop, maintain, increase or maximize an individual's functioning in activities of daily living, physical growth, emotional stability, socialization, communication, and vocational skills. The minimum participant/staff ratio for an Adult Activity Center is 7:1;
- Sheltered Workshop: A work program whose purpose is to assist participants to achieve their potential through the use of individual work goals, remunerative employment, supportive services in a controlled environment. The workshop will maintain a certificate with the United States Department of Labor, which designates it as a "regular work program." The minimum participant/staff ratio for a Sheltered Workshop is 10:1.
- Work Activity Center: A workshop having an identifiable program designed to provide therapeutic activities for intellectually/developmentally disabled workers whose physical or mental impairment is so severe as to interfere with normal productive capacity. Work or production is not the main purpose of the program; however, the development of work skills is its main purpose. The program must have a certificate from the United States Department of Labor designating it as a Work Activity Program when applicable. The minimum participant/staff ratio for a Work Activity Center is 7:1.
- Unclassified Program: A program that provides a beneficial service and observes appropriate standards to safeguard the health and safety of individuals, staff and the public. The minimum participant/staff ratio is 10:1.

A license will only be issued to programs which are in compliance with the standards noted in this document. A license may be issued for new programs or those found to be out of compliance upon receipt of an acceptable plan of correction for eliminating deficiencies identified in the official licensing survey. The plan must show that the deficiency will be

corrected within a 30 day period. An extension may be granted for another 30 days when requested in writing and good cause shown. A license will be effective for up to a 12 month period, beginning with the date of issuance. DDSN will make a determination of which license to issue based on the services to be rendered through the facility. DDSN Directive 104-01-DD: DDSN Certification and Licensure of Residential and Day Facilities, explains the process for becoming licensed.

Definitions

Program: Adult Activity Center, Sheltered Workshop, Work Activity Center, or

Unclassified Program.

Service: Support Center, Day Activity, Career Preparation, Employment Services, or

Community Service.

Participant: The individual with a disability who receives services through the program.

	Standard	Guidance
1	Each program must be operated in accordance with applicable state and federal laws.	
2	There will be at least the following minimum participant/staff ratio for each program: • Adult Activity Center - 7:1; • Work Activity Center - 7:1; • Sheltered Workshop 10:1; • Unclassified Program - 10:1.	Note: This ratio is applicable to the entire program and staff who are not responsible for direct participant support may be included in this ratio.
3	A designated responsible staff member must be present and in charge at all times a participant is present. The staff member left in charge must know how to contact the director at all times.	
4	At no time shall any participant be without supervision unless a specified activity which allows for an adult participant's independent functioning is planned and documented.	Please refer to DDSN Directive 510-01-DD: Supervision of People Receiving Services.
5	A minimum participant/staff ratio of 10:1 must be maintained in each classroom, workshop, program area, etc. at all times.	When determining staffing patterns within a program and within a classroom, workshop, program area, etc., the supervision needs of each participant must be considered including their need for "independent functioning" as defined in Standard #4.
6	Each program shall have provisions for alternate coverage for staff members who are ill. Such policies shall require staff members with acute communicable disease, including respiratory infection, gastro-intestinal infection, and skin rash, to absent themselves

	during the acute phase of illness.	
7	When licensed as an Adult Activity Center, participants will be at least 18 years of age.	
8	When licensed as an Unclassified Program, participants will be at least 12 years of age.	
9	When licensed as an Unclassified Program, participants under age 18 are served in a program area apart/separated from adult participants.	
10	Each facility shall provide a minimum of 50 square feet of program space per participant.	Per participant present in the facility.
11	Each facility shall afford each participant adequate space for privacy including but not limited to:	Refer to: 42 CFR§441.301(c)(4)(iii)

13	For facilities initially licensed on or after July 1, 2019, the setting must be free from characteristics that have the effect of discouraging integration of participants from the broader community.	 Facilities that may have characteristics that have the effect of discouraging integration from the broader community include, but may not be limited to: Settings completely enclosed by walls or fences with locked gates; An additional setting added to an existing cluster (i.e., 2 or more) of DDSN-licensed residential or day settings. Refer to: 42 CFR§441.301(c)(4)(i-v)
14	Programs must be: a) Free from obvious hazards. b) Clean.	The focus is on identifying potential threats to the health, safety or welfare of program participants and barriers to participation. The threat should be realistic; citations should not be issued for superficial, cosmetic or aesthetic shortcomings.
	c) Free of litter/rubbish.d) Free of offensive odors.	
	e) Equipment in good working order.f) Accessible to participants and staff.	
15	Hot water temperature in the program area accessible to participants must never be more than 110 degrees Fahrenheit.

	Standard	Guidance
19	The center shall hold fire/disaster* drills at least once each quarter. Each drill conducted shall be recorded as to time, date of drill, number of those participating, and the total time required for evacuation. The record shall be signed by the individual conducting the drill.	*Fire drills will be held quarterly. Disaster drills will be held annually. A copy of documentation from the prior 12 months must be present on-site and available for review by DDSN and/or its licensing contractor.
20	Passageways shall be free of obstructions at all times.	Immediate corrective action required when the obstruction prevents egress.
21	All staff shall be instructed in the proper use of fire extinguishers as documented in reports.	
22	The use of electrical extension cords is prohibited.	Immediate corrective action required when cited.
23	Programs serving individuals who are deaf will develop a fire alarm system to assure the individuals are alerted to the danger of fire.	
24	A safety check on electrical systems shall be made by a licensed/certified electrician/contractor and a written report kept on file at the facility at all times. A new inspection shall be made after any expansion, repair, renovation, or the addition of any major electrical appliances or equipment.	Sites that have emergency generators must perform complete and thorough inspections of them. Routine service by a qualified contractor is encouraged to ensure that generators are maintained in good operating condition. Service contracts generally include semi-annual and/or annual inspections. Providers must perform monthly checks of the generators. Documentation of all checks must be maintained by the provider. See DDSN Directive 300-03-DD: Annual Certification of Electrical, Mechanical, Fire Alarm and Sprinkler Systems for Renewal of Licensure, for sample forms which may be used to conduct monthly inspections. A copy of the most recent inspection must be present on-site and available for review by DDSN and/or its licensing contractor.
25	All staff shall be knowledgeable of utility cut-offs throughout the facility.	

	Standard	Guidance
26	The heating system shall be approved annually by a licensed/certified HVAC contractor and the report maintained on file at the facility. Floor furnaces shall have adequate protective coverings or guards to insure that individuals coming into contact with them shall not be burned. If space heaters are used, they shall be vented properly and screens or other protective devices shall be provided to prevent individuals from coming into contact with heaters.	
27	All cleaning equipment supplies, insecticides, etc., shall be in a locked cabinet or located in an area not accessible to unauthorized individuals.	
29	Furniture, equipment, and training materials shall be appropriate to the ages of the individuals in the program; shall be sturdily constructed without sharp edges; shall not be covered with toxic paint; and shall present minimal hazards to individuals. Stationary outdoor equipment shall be firmly anchored.	
30	When providing Support Center Services, the area in which services are provided must have comfortable accommodations and materials for activities that are appropriate for the individuals who receive the service.	

	Standard	Guidance
31	The use of tools and equipment shall be supervised by staff.	Supervision will be provided in accordance with the individual's assessed need. As appropriate, independent use of equipment will be allowed.
32	In the presence of unusual hazards arising from certain work operations, appropriate safety precautions shall be taken to insure the protection of those present.	
33	Equipment and Materials for Learning, Recreational ExperiencesIndoor and outdoor equipment and materials shall be provided in sufficient quantity and variety to meet the developmental need of the participants. The equipment will be age appropriate for the participants who use it.	
34	If the facility operates a transportation system, vehicles used for the transportation of participants shall ensure safety for the passengers.	This standard relates to passenger safety generally and should capture any factors that do not fall specifically under any of the related standards $(32-36)$. For example, a vehicle accident where the staff driving was at fault, and for which the cause of the accident cannot be attributed to non-compliance with any of standards $32-36$, would result in this standard being not met.
35	Vehicles shall be inspected daily, using a checklist. The driver shall sign a report which indicates that he/she has checked the lights, brakes, horn, wipers and tires.	
36	Maintenance of vehicles shall be recorded, updated, and signed every month.	
37	Each passenger shall have adequate seating space and shall use a seat belt or restraint system approved by the Highway Traffic Safety	

	Standard	Guidance
	Administration Standards which is appropriate for his/her age while being transported.	
38	 First aid kit which is replenished after each use and checked monthly for completeness; Fire extinguisher which is in good working order and securely fastened in a manner which is easily accessible to the driver. 	
39	Vehicle operators and all staff who transport individuals will be licensed drivers who are capable of handling road emergencies and hazards and will have a current defensive driving course certificate within one (1) month of employment which is on file with the provider. If there was no course offered within the first month, this must be verified and the staff must take and pass the first course offered, not to exceed 90 days from hire date. Vehicle operators and all staff who transport individuals shall be licensed drivers and shall complete and have a current defensive driving course certificate prior to transporting individuals, which is on file with the provider.	This standard is applicable to all staff who appear as drivers on vehicle logs. Staff who do not operate vehicles are not subject to these requirements.
40	Medication to be administered shall be stored in a locked cabinet not accessible to unauthorized individuals.	

	Standard	Guidance
41	Prescribed medication shall be kept in the original containers bearing the pharmacy label which shows drug name, the prescription number, date filled, physician's name, directions for use, and the patient's name.	
42	Written authorization to administer any medication must be given.	If the participant is over age 18 and has not been adjudicated incompetent, he/she is considered his/her own guardian and therefore may authorize the administration of his/her medications. If a non-adjudicated adult is unable to authorize, authorization may be given by a parent/representative or surrogate. For those under age 18 or those adults who have been adjudicated incompetent, authorization must be given by parents or guardian. For ICF/IID residents, medications must be given in accordance with applicable ICF/IID regulations and standards.
43	Medications must be safely and accurately given.	Medications given to ICF/IID residents must be given in accordance with applicable ICF/IID Standards. Medication has not expired. There are no contraindications (i.e., no allergy for the drug). Administered at the proper time, prescribed dosage, and correct route. If a provider has documented all medication errors, and no errors resulted in the need for additional medical treatment as a result of the error, the appropriate remediation for the error was documented. AND the monthly medication error rate for that
		documented, AND the monthly medication error rate for that location does not exceed .035 for the prior three (3) months, then the provider should not be cited for this indicator. If the monthly error rate is more than .035 for the prior three months (3), even with the documentation of remediation, then the provider will be cited. Medication Records, Medication Error Reports, and the monthly error rate calculations for the location must be available at the inspection site for the three (3) months prior to the review date. If the error rate has not yet been calculated for the month immediately preceding the review, the reviewer may go back four (4) months.

Standard		Guidance
		Providers may use .035 or 3.5% as the threshold, but must calculate the monthly error rate using the formula defined in DDSN Directive 100-29-DD: Medication Error/Event Reporting. Error rates for the current month must be documented and available by the last day of the following month. See DDSN Directive 603-13-DD: Medication Technician Certification.
44	Employees supervising the taking of medication will document that medication was taken by the participant as authorized by parents or guardian.	For participants not independent in taking their own medication/treatments, a medication/treatment log must be maintained to denote: a) The name of medication or type of treatment given. b) The current physician's order (and purpose) for the medication and/or treatment or authorization from the responsible party. c) The name of individual giving the medication. d) Time given. e) Dosage given. The medication log must be reviewed at a minimum, monthly. If the reviews indicate error, actions must be taken to alleviate future errors. Entries must be made at the time the medication/treatment was given. Medication includes over-the-counter medications.
45	Outdated medications and discontinued medications are disposed of per provider policy.	
46	A first aid kit shall be maintained at each program site.	First Aid Kit is a collection of supplies which includes: mild hand soap or hand sanitizer liquid; cotton tipped applicators; gauze bandages, one (1) and two (2) inch widths; sterile gauze, three (3) inch by three (3) inch; band-aids; adhesive tape; scissors; disinfectant; and thermometer.
47	Each program will have a current activity schedule posted.	The schedule should reflect the hours the facility is open. If supervised services (e.g., second shift enclave) are offered, the

Standard	Guidance
The schedule will reflect the hours the facility is open and the hours the program offers supervised services.	schedule may reflect those times specifically, or may reflect that supervised services may be available as needed. A specific schedule for activities is not required, but instead the activity choices available should be listed.
The schedule must reflect the scheduled activities of the day.

EMPLOYMENT SERVICES - GROUP

The mission of the South Carolina Department of Disabilities and Special Needs (DDSN) is to assist people with disabilities and their families through choice in meeting needs, pursuing possibilities and achieving life goals and minimize the occurrence and reduce the severity of disabilities through prevention. Consistent with the agency's mission, the intent of DDSN Employment Services - Group is to provide individuals with an Intellectual Disability or a Related Disability (ID/RD), Autism Spectrum Disorder (ASD), Traumatic Brain Injury (TBI), Spinal Cord Injury (SCI), and Similar Disability (SD) the supports needed in order for them to meet their needs, pursue possibilities and achieve their individual life and employment goals.

DEFINITIONS:

As defined by South Carolina's Intellectual Disabilities/Related Disabilities (ID/RD) Waiver and Community Supports (CS) Waiver, Employment Services - Group consist of intensive, on-going supports that enable individuals for whom competitive employment at or above minimum wage is unlikely absent the provision of supports and who, because of their disabilities, need supports to perform in a regular work setting. Employment services are conducted in a variety of settings, particularly work sites where persons without disabilities are employed and include activities such as supervision and training needed to sustain paid work at or above minimum wage. Employment Services - Group are provided in group settings, such as mobile work crews or enclaves.

Transportation will be provided from the participant's residence to the habilitation site when the service start time is before 12:00 Noon. Transportation will be available from the participant's habilitation site to their residence when the service start time is after 12:00 Noon.

As defined by South Carolina's <u>Head and Spinal Cord Injury (HASCI) Waiver</u>, Employment Services are provided in regular competitive employment settings such as factories, offices, stores, restaurants, etc., where people without disabilities are employed. Employment Services provides an intensive or ongoing supports so a HASCI waiver participant for whom competitive employment at or above the minimum wage, is unlikely can perform in a paid work setting. It may include assisting the participant to locate a job or to have a job developed specifically for him or her. The service may be provided in a variety of work settings, particularly sites where persons without disabilities are employed; such as an enclave or a mobile crew, or an individual job placement in the community.

As defined by **DDSN Directive 700-07 DD: Employment First**:

Employment means working for at least minimum wage in an integrated setting – can be individual (paid directly by the employer), group (paid by a provider from revenues earned via contract with business/government entities) or self-employment (including sole proprietorships and partnerships).

Integrated Setting means a typical workplace where the majority of individuals employed do not have disabilities and where the employee with a disability has opportunities to interact with coworkers, vendors, sub-contractors, customers and/or the public.

MODELS:

- Enclave: A small group of people (usually eight (8) or less) who work under the supervision of an employee of the provider agency, in a community business/industry that is not operated by a provider agency, and alongside non-disabled employees to produce goods or services controlled by the community business/industry (i.e.,. janitorial services at a specific business/industry etc.). The contractual relationship is typically between the business/industry and the provider agency, whereby the provider agency then pays the employee. It is acceptable for the business/industry to pay the individual directly if this best fits their business model; however, the provider agency continues to provide supervision and training for the employee. Enclaves must originate from a facility licensed by the state.
- Mobile Work Crew: A small group of people (usually eight (8) or less) who work under the supervision of an employee of the provider agency as a self-contained business who typically move to different work sites by selling a service (i.e., landscaping, janitorial) to purchasers within the community, excluding provider agencies. The contractual relationship is typically between the business/industry and the provider agency, whereby the provider agency then pays the employee. It is acceptable for the business/industry to pay the individual directly if this best fits their business model; however, the provider agency continues to provide supervision and training for the employee. Mobile Work Crews must originate from a facility licensed by the state.

ANTICIPATED OUTCOMES:

Employment Services - Group provides skills and support for people who desire to work, but for whom competitive employment is currently not achievable. All people, regardless of their disabilities, should have the opportunity and support to achieve work. Employment Services - Group is an avenue whereby people with disabilities can engage in meaningful work, sustain a wage paid at or above minimum wage and contribute to society regardless of their support needs. Employment Services - Group focuses on a person's abilities and provides the supports the person needs to be successful.

It is expected that DDSN Employment Services - Group be provided in a manner that promotes:

- Dignity and respect.
- Health, safety and well-being.
- Individual and family participation, choice control and responsibility.
- Relationships with family and friends and community connections.
- Personal growth and accomplishments.
- Independence and integration.

It is also expected that Employment Services - Group reflect the principles of DDSN and therefore services should:

- Be person centered.
- Be responsive, efficient, and accountable.
- Be individually focused and strengths-based.
- Maximize potential based on an individual's interests, preferences and choices.
- Be based on best and promising practices.

	Standard	Guidance

EMPLOYMENT SERVICES - INDIVIDUAL

The mission of the South Carolina Department of Disabilities and Special Needs (DDSN) is to assist people with disabilities and their families through choice in meeting needs, pursuing possibilities and achieving life goals and minimize the occurrence and reduce the severity of disabilities through prevention. Consistent with the agency's mission, the intent of DDSN Employment Services – Individual is to provide individuals with an Intellectual Disability or a Related Disability (ID/RD), Autism Spectrum Disorder (ASD), Traumatic Brain Injury (TBI), Spinal Cord Injury (SCI), and Similar Disability (SD) the supports needed in order for them to meet their needs, pursue possibilities and achieve their individual life and employment goals.

DEFINITIONS:

As defined by South Carolina's Intellectual Disabilities/Related Disabilities (ID/RD) Waiver and Community Supports (CS) Waiver, Employment Services - Individual consist of intensive, ongoing supports that enable individuals for whom competitive employment at or above minimum wage is unlikely absent the provision of supports and who, because of their disabilities, need supports to perform in a regular work setting. Employment services are conducted in a variety of settings, particularly work sites where persons without disabilities are employed and include activities such as supervision and training needed to sustain paid work at or above minimum wage.

As defined by South Carolina's <u>Head and Spinal Cord Injury (HASCI) Waiver</u>, Employment Services are provided in regular competitive employment settings such as factories, offices, stores, restaurants, etc., where people without disabilities are employed. Employment Services provides an intensive or ongoing supports so a HASCI waiver participant for whom competitive employment at or above the minimum wage, is unlikely can perform in a paid work setting. It may include assisting the participant to locate a job or to have a job developed specifically for him or her. The service may be provided in a variety of work settings, particularly sites where persons without disabilities are employed; such as an enclave or a mobile crew, or an individual job placement in the community.

As defined by the <u>United States Department of Health and Human Services</u>, <u>Centers for Medicare and Medicaid Services</u> (CMS), Employment Services are the ongoing supports to individuals who, because of their disabilities, need intensive on-going support to obtain and maintain an individual job in competitive or customized employment, or self-employment, in an integrated work setting in the general workforce for which an individual is compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals without disabilities.

As defined by the Workforce Innovation and Opportunity Act (WIOA)¹ Competitive, integrated employment is work that:

i. Is performed on a full-time or part-time basis (including self-employment) and for which an individual is compensated at a rate that -

- A. Is not less than the higher of the rate specified in section 6(a)(1) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a)(1)) or the rate required under the applicable State or local minimum wage law for the place of employment;
- B. Is not less than the customary rate paid by the employer for the same or similar work performed by other employees who are not individuals with disabilities and who are similarly situated in similar occupations by the same employer and who have similar training, experience, and skills; and
- C. As defined by <u>DDSN Directive 700-07 DD: Employment First</u>:

Employment means working for at least minimum wage in an integrated setting – can be individual (paid directly by the employer), group (paid by a provider from revenues earned via contract with business/government entities) or self-employment (including sole proprietorships and partnerships).

Integrated Setting means a typical workplace where the majority of individuals employed do not have disabilities and where the employee with a disability has opportunities to interact with coworkers, vendors, sub-contractors, customers and/or the public.

MODEL:

Employment Services – Individual are provided at a 1:1 staffing ratio using an Individual Community Placement Model and may include any combination of the following services:

- Vocational/job-related discovery or assessment,
- Person-centered employment planning,
- Job placement,
- Job development,
- Negotiation with prospective employers,
- Job analysis,
- Job carving,
- Training and systematic instruction,
- Job coaching (including developing natural supports),
- Identifying assistive technology,
- Benefits support,
- Training and planning,
- Coordination of transportation,
- Asset development and career advancement services, and
- Other workplace support services including services not specifically related to job skill training that enable the individual to be successful in integrating into the job setting.

Ongoing supports and identification of long term natural supports are imperative for the worker with significant disabilities to participate in competitive employment and to ensure job stabilization and career advancement. Employment Services – Individual may also include support to establish and/or maintain self-employment, including home-based self-employment.

Employment Services – Individual is not designed to provide general skills training to "prepare" individuals for employment in the community. Instead, all supports provided must be directly related to achieving the identified employment goal on the Individual Plan of Supports for Employment (IPSE) with an expected outcome of community integrated employment. Services should be directly related to the job seeker's individualized employment goal. General skills training in broad areas are not allowed as this is provided in other services (Career Prep). Examples of general skills training may include practicing interviewing skills when there is no interview scheduled, learning to use the computer in order to complete applications online, or practicing task completion with simulated tasks that are not part of a specific job.

ANTICIPATED OUTCOMES:

It is expected that Employment Services - Individual will support individuals to achieve sustained independent employment, paid at or above minimum wage, in a community integrated employment setting among the general workforce, at a job that meets the individual's personal and career goals.

It is expected that DDSN Employment Services - Individual be provided in a manner that promotes:

- Dignity and respect.
- Health, safety and well-being.
- Individual and family participation, choice control and responsibility.
- Relationships with family and friends and community connections.
- Personal growth and accomplishments.
- Independence and integration.

It is expected that Employment Services - Individual reflect the principles of DDSN and therefore services should:

- Be person centered.
- Be responsive, efficient, and accountable.
- Be individually focused and strengths-based.
- Maximize potential based on an individual's interests, preferences and choices.
- Be based on best and promising practices.

	Standard	Guidance
1	Employment Services – Individual will be provided in accordance with all state and federal laws.	
2	Employment Services - Individual will be provided in accordance with applicable DDSN Directives, procedures and guidance.	
3	Employment Services - Individual will only be provided by DDSN qualified Employment Services providers.	
4	The Employment Services provider must designate a Program Director who: • Is at least 21 years of age;	A Program Director may serve more than one program.
	 Has at least a baccalaureate degree from an accredited college or university in the human services or related field and two (2) years of experience in administration or supervision in the human services field or has a master's degree from an accredited college or university in the human services or related field and one (1) year of experience in administration or supervision in the human services field; Has references from past

10	There will be a staff development/inservice education program operated by each Employment Services provider which requires all staff to participate in in-service education programs and staff development opportunities in accordance with DDSN Directives.	Staff must periodically be required to demonstrate continuing competency on the most critical information and skills taught in the curriculum. Providers have wide latitude in designing the format of such rechecks. Encouraging staff commitment to continuing personal and professional development will expand the capacity to provide quality service and supports. Staff should routinely be exposed to information regarding training resources and opportunities. Supervisors should be working with staff to identify annual personal and professional goals.

	Standard	Guidance
11	Each Employment Services provider will	
	have written policies on:	
	• Use of volunteers and substitutes;	
	• Program evaluation;	
	• Administration of medication;	
	 Admission and discharge of participants; 	
	• Personnel practices;	
	• Procedures to be followed when a participant is discovered to be missing;	
	• Keeping and managing a waiting list for those who are seeking entry into each service provided in the program that includes the frequency with which the list will be reviewed.	
12	Individuals receiving Employment Services - Individual are free from abuse, neglect and exploitation. 	Standard	Guidance
		• Individuals with limited knowledge and experience receive training and opportunities to explore their individual rights and the responsibilities that accompany them.
		Supports regarding rights and responsibilities provided to individuals receiving Employment Services – Individual must be employment related.
14	Employment Services - Individual will only be provided to those who are authorized by a DDSN qualified Case Manager. Services provided in the absence of an authorization or in excess of the amount (units) authorized are not reimbursable.	Case Managers may only authorize services based on the following authorization schedule: Assessment: Employment Activities: -Community Based Assessment -Benefits Analysis -Job Development
		-Coaching -Other (per service definition) Follow Along: Additional service units may be authorized beyond this authorization schedule based on an assessed need with appropriate justification/documentation. Case Management will provide the chosen Employment Services - Individual provider with an
		 authorization that at a minimum includes the following information: Worker information: name, address, DOB, referral date, SS#, Medicaid # (when applicable), emergency contact information, and name with contact information of referring Case Manager;
		Type of service authorized, number of authorized units, effective date of the authorization and the expiration date of the authorization;
		Additional information: Critical and emergency information, relevant health/medical information, and care and supervision information.

	Standard	Guidance
		All employment documentation (Comprehensive Vocational Services Assessment, Individual Plan of Supports for Employment and the ISP/SC Individual Employment Log) must be available in Therap for review by the Case Manager.
		Most people with disabilities can be successfully employed through the utilization of traditional supported employment strategies. Traditional supported employment strategies are employed as the model for DDSN Employment Services - Individual and outlined in the "Model" section of this document (pg.4).
		When traditional supported employment strategies (which may include but are not limited to advocacy, person-focused assessment, job development, job carving, assistive technology, job modifications, natural supports, behavioral training, job
		coaching and self-employment) have been appropriately implemented, but do not result in a positive employment outcome for the person, formal "Customized Employment" strategies may be appropriate and necessary. The need for formal "Customized
		Employment" including, but not limited to, in depth discovery, can only be demonstrated when the traditional supported employment model has been appropriately implemented and demonstrated to be ineffective for the person supported.
		However, "Customized Employment," including, but not limited to in-depth discovery, can be requested with adequate documentation which thoroughly describes the need and rationale as to why traditional supported employment is not sufficient.
15	Individuals receiving Employment Services - Individual are supported to make decisions and exercise choice regarding their work.	Decisions and choices made by the individual related to employment must be documented in the Comprehensive Vocational Service Assessment, Individual Plan of Supports for Employment (IPSE) and/or ISP/SC Individual Employment Log.

	Standard	Guidance
16	 Within 15 business days of receipt of a referral/authorization, the Employment Services provider will make available to the referring Case Manager: Confirmation of acceptance into the service with start date; Information that the individual will be placed on the provider's waiting list; or 	An Initial Interview must be conducted to explain independent competitive integrated employment and its benefits. Participants must understand the scope of Employment Services – Individual to include fading through natural supports and/or assistive technology. If the referral is rejected, an explanation must be documented and be available to the Case Manager. Determining an individual is not "ready" for

17	Within 30 calendar days of the service start date, the Comprehensive Vocational Service Assessment will be completed that identifies the abilities/strengths, interests/preferences, paid and unpaid work experience and needs/supports of the individual in the following areas: • Self-Advocacy/Self Determination; • Self-Esteem; • Coping Skills; • Personal Responsibility; • Personal Health and Hygiene; • Socialization; • Community Participation; • Mobility and Transportation; • Community Safety; • Money Management; • Pre-Employment; • Job Search; • Communication;	Annual assessments are not required. It is suggested that Employment Services providers secure information regarding legal guardianship and criminal history if applicable. All employment documentation (Comprehensive Vocational Services Assessment, Individual Plan of Supports for Employment and the ISP/SC Individual Employment Log) must be available in Therap for review by the Case Manager.
	• Supports.	

	Standard	Guidance
18	Based on the results of the Comprehensive Vocational Service Assessment, within 30 calendar days of the service start date, an Individual Plan of Supports for Employment (IPSE) is developed by the Program Director or his/her designee with participation from the individual and/or his/her personal representative or legal guardian (if applicable).	The IPSE is designed to be a working document and annual plans are not required. The ISP/SC Individual Employment Log is designed to provide an ongoing account of activities, demonstrating progression toward independent competitive integrated employment. (https://www.medicaid.gov/medicaid/hcbs/downloads/1915c-fact-sheet.pdf)
19	 The plan must include: The Employment Goal specific to the individual, based on their interests, preferences, strengths, and experience, with the expected outcome of sustained independent employment, at or above minimum wage, in a community integrated setting among the general workforce, at a job that meets the individual's personal and career goals; A description of objectives/activities identified to support the employment 	Objectives/activities must focus on the individual's abilities/strengths, interests/preferences, and needs/supports with the expected outcome of independent competitive integrated employment. Strategies may include the use of job duty, task analyses, assistive technology, natural supports, prompting procedures, and reinforcement and self-management procedures. These objectives/activities are provided in a least intrusive method of support. During the job development phase of Employment Services – Individual, the individual must be supported/assisted to arrange for his/her transportation to/from work. Assisting/supporting to arrange for

Waiver Case Management

Presented to the DSN Commission July 18, 2019

Waiver Case Management (WCM) Service Implementation July 1, 2019

- DHHS has chosen to implement July 1, 2019.
- WCM: monthly contact, quarterly face-to-face, face-to-face in home once/6 mos., allows billing when hospitalized.
- In order to obtain stakeholder input, draft DDSN Waiver Case Management Standards were distributed for public comment on April 30th.
- These standards were approved by the DSN Commission Policy Committee on June 5th and were presented to the full DSN Commission on June 20th (today).
- Necessary changes will be forwarded to DHHS for consideration prior to its June issuance of the final Waiver Case Management Policy Manual and approval of DDSN standards.

7 WCM Training Dates Completed

- June 19, 2019, Florence, SC 29506
- June 20, 2019, Spartanburg, SC 29307

- June 26, 2019, DDSN Central Office Room 251 and via Skype (RECORDED AND POSTED ON DDSN PORTAL)
- June 27, 2019, Ladson, SC 29456
- June 28, 2019, Anderson, SC 29621

DHHS WCM Rates

- DHHS used rate setting methodology to set \$100/hour with travel and \$62/hour no travel WCM "market rates." The current DHHS rates are \$162/\$156.
- The \$100/\$62 is a pass through rate.
- A case manager generally has to bill between 4-5 hours each on-duty day for the provider to break-even.
- Break-even billing efficiency (4.00 5.28 hours billable/day) is due to providers having wide variations in case management program cost structures. A lean provider has the right ratio of case managers: consumer cases; a working supervisor carrying a case load; low-end retirement & health benefits; and low overhead. A high cost structure has the opposite.

Sensitivity Analysis

- Charts in Binder
- 75% of DDSN Waiver Consumers are with Providers that are billing at over 54% of the current payments.
- One year ago (June 2018) only 12% of DDSN Waiver Consumers were with providers billing over 54%.
- The highest billing rate one year ago was 75.1%.

Technical Assistance

- As of today, formal technical assistance visits have been conducted with 17 providers that were performing at less than 50% billing efficiency. DDSN Program and Audit staff offered suggestions for effective strategies to increase billing.
- Additionally in FY 2019, system-wide, 28 provider case management staff received other training and technical assistance on billable activities and the need to focus on appropriate documentation.
- DSN Advocates terminated their contract on 5/31/19.
- Fairfield DSNB has transitioned all but approximately 18 active cases to date.
- Colleton DSNB will terminate their case management contract effective 8/31/2019.
- Darlington DSNB has chosen to hire 2 new case managers.

DDSN Plan for Assistance with Retrospective Invoices

DDSN has developed invoices for all types of case management.

Each invoice reflects a breakdown of billing errors and Medicaid ineligibles.

DDSN staff will analyze billing errors and Medicaid ineligibles for June to remediate any outstanding issues.

In addition, DDSN staff will analyze the first full report on the new invoice system in August for July billing data and develop clear procedures for providers to independently analyze for August billing data.

1) Why are case management numbers down from prior year. Right or wrong, as an argument could be made either way, the state funded case management folks were in the prior year numbers but were not pulled in by my team in the 2020 numbers. The apples to apples numbers are as follows:

	FY2019	FY2020
Waiver	11,536	11,867
State	494	
TCM	838	
TOTALS	12,868	11,867

- 2) Why are individual/family support numbers down from prior year. The answer is that in 2019 they estimated the number of persons served in state funded family support/respite. The figure has always been a guesstimate. There were 2,127 consumers reflected in the prior year that were erroneously left out of our 2020 numbers. The family support/respite line in the summarized contract info was blank and should have had 2,127 in it again in 2020. The number served is based on an assumed expense level per family. The total funding and assumed cost per family was not changed so the assumed count of people served should not have changed either.
- 3) What is the explanation for the change in the Community Options contract amount. They did add two new people to their service compared to the same time in the prior year. One of these persons is funded at a band H level of \$92,361 which distorts the increase in the total contract compared to persons served. I am told it is fairly common that we pay for these higher rates to support certain persons in this type of setting.
- 4) Why is there a day service add-on for SC Mentor? This provider provides Therapeutic Family Homes and the rate does not pay for day services. If the person served desires to attend a day program, then we have to provide the funding for them to pay the day service provider. There are several other providers that also receive this funding for similar situations.

State Funded Family Support/Respite Awards

Administrative Cost Recommendation

Historically, Providers that received State Funded Family Support/Respite grants have been told that administrative costs were non-allowable costs for this grant. The theory is that this was done to maximize these dollars for services. The problem is that this program is very labor intensive on the administrative staff and the Provider is not reimbursed or otherwise compensated for the effort. We are of the opinion that this is not a fair practice and should be changed. We are recommending that the Commission approve a change to our practice to allow administrative costs as an expense in this program.

The estimated administrative costs statewide is \$80,000 of the \$1,450,000 that is expended in this program.

Director's Report 07/18/2019

- 1. We have given DHHS information that will help them consider the 2% salary and they still have the issue under advisement. They will be consulting with the general assembly.
- 2. I indicated starting this month we have Organization changes underway as we marshal our resources where most needed which includes putting the Autism division out in the field and autism eligibility alongside the ID/RD and HASCI eligibility model. I also said starting this month, I would ask departmental heads to map out their departments with the discussion around form and function one department a month. The purpose:
 - a. To give the commission members an organizational overview in a format that is digestible and where questions can be asked and answered.
 - b. And to help orientate new commission members
 With us back down to 4 commissioners and the length of this agenda, I am
 Putting this off until the September meeting. I do, however, have the
 operations organizational memo for you to have as a reference.
- 3. We are currently working on the spending plan for this year it will be presented at the August meeting.

4. Communication Efforts

- a. Today will be our first Executive Director CEO or whatever a company/agency calls the top dog – meeting. We will be doing this quarterly and we will discuss items such as remote access or designee; but it is our effort to engage on a face to face level those in charge in the community
- b. On the 24th we will have our first agency management communication meeting would have called it an ops meeting but I didn't want to confuse those in Rufus' department.
- c. Rob McBurney is working with me to set up family/consumer engagement meetings throughout the state versus having a static advisory council in a location most individuals and family members cannot make it. We want to reach to those who we have mot previously met. Give us a chance to hear from more folks a good variety of voices.

5. Partnership Updates

- a. DMH working with the executive team to improve working relationship
 - i. Cross Training

- ii. Meeting with county MH directors and our community EDs
- iii. Talking about agreement to staff cases
- b. DOE again the DSP credential, a possible DSP curriculum and beginning discussion of post-secondary technical training.
- c. DSS continue to work with them to get a written process for counties to utilize.
- d. DHHS we will be working with them to true up the service rates based on the still draft, still confidential Mercer Report.
- 6. Budget development for 2021 we need to develop a budget request based on real numbers and Director Baker and I plan to do so in for of a team effort since much of our budget almost all of our budget is Medicaid. My effort will be to:
 - a. Get that admin contract done
 - b. As we aim to unwind the bands and move those unused dollars back into the fight, we need to true up the residential and day program rates. I will need to work closely with HHS to ensure that this is done timely and accurately.
 - c. As this is a new way to approach budget development, I would like the commission to give their approval to this process. The final effort would be the budget we bring to you prior to sending it to the state.

It does not need to be a rumor nor does it have to go through the grapevine – DDSN cost reports were not done since 2012. This subject has been mentioned before and the Commission was well aware of this. There is no recoupment that we know of yet. The 2016 looks like \$1.4M. The 2017 cost report will be done July 31st then we will be working on the 2018 and 2019 cost reports.

There are three case management waivers - not just targeted case management - also waiver case management and the third is state funded case management for those who do not have Medicaid but still need case management.
