

DDSN Executive Memo

To: Executive Directors/CEOs of DSN Boards
Private Provider Executive Directors/CEOs

From: Rufus Britt, Associate State Director of Operations 

Date: January 6, 2021

Re: Project First Line Survey

First, I want to express my sincere Thanks to each of you and your respective teams for your commitment to those we serve during the public health emergency. As we enter a new year, we want to establish benchmarks for excellence in all aspects of our operations. One way to achieve this is through continuing to provide meaningful training opportunities. The Centers for Disease Control & Prevention (CDC) and SC Dept. of Health & Environmental Control (DHEC) are partnering to establish training for healthcare workers. This initiative is called Project First Line. DHEC is interested in working with DDSN and our agencies in our network to learn about our training needs specific to infection control and prevention. Below is a link to a brief survey soliciting information to formulate training topics. If you would, complete this survey by close of business Monday, January 18th.

The survey can be found via <https://www.surveymonkey.com/r/DDSNProjectFirstline> and takes approximately 15 minutes to complete.

If you have questions, feel free to contact Ms. Jasmine Gant, Project First Line Program Coordinator, via email at Gantjb@dhec.sc.gov.

Thanks in advance for taking time to aid this effort.
