Reference Number: 250-10-DD
Title of Document: Funding for Services
Date of Issue: May 1, 2009
Effective Date: May 1, 2009
Last Review Date: January 9, 2017
Date of Last Revision: January 9, 2017 (REVISED)
Applicability: All DSN Boards, All Financial Managers, All Contracted Service Providers

I. PURPOSE

This document describes the system for funding services used by the South Carolina Disabilities and Special Needs (DDSN). In all cases, DDSN is required by law to serve consumers in the least restrictive environment. Funding for services is subject to changes in DDSN's budget.

II. FINANCIAL MANAGERS

In their administrative role, the DSN Boards, and those grandfathered in as DSN Boards, act as Financial Managers for the majority of community-based services. If approved through a Request For Proposal (RFP) process through the State Fiscal Accountability Authority (SFAA), a Self-Directed Support Corporation (SDSC) may also act as a Financial Manager for the people for whom the SDSC was established. Funds for community-based services are managed by the applicable county DSN Board or SDSC. The DSN Board either provides the service itself or subcontracts with a qualified provider for the services rendered. The SDSC would not provide service itself, but rather arrange for services and pay the service provider. DDSN, at its option, may contract directly with and pay qualified providers. Qualified providers are those service providers who are qualified through the State Medicaid Agency's service provider enrollment process or through a request for proposal (RFP) process in place through the State Procurement

Pee Dee Center - Phone: 843/664-2600
Saleeby Center - Phone: 843/332-4104

Office (SPO). Contracted qualified providers have the option of billing Medicaid directly for Medicaid eligible consumers.

DDSN allocates funds for services in one of two ways:

- (1) Through a capitated system based on funding bands, or
- (2) Through a non-capitated fee for service system.

III. CAPITATED SYSTEM

The funding band system is a budgeting system that assigns one of twelve different funding levels to consumers based on their needs. The amount of funding assigned to each level is an average cost of services in each level. Each consumer's needs are different and, as such, the associated costs to fund services to meet those needs vary. The amount of funding attached to a given funding level is not an entitlement; all services provided to a consumer must be based on assessed needs and properly justified in their approved plan. Financial Managers are expected to utilize all available funds to meet the needs of all consumers to whom they provide services. Financial Managers are required to inform DDSN when funds are not available to address identified needs listed in a consumer's current plan. Additional funding is possible through an outlier request system when a consumer's circumstances and needs are substantially higher than the average. Certain threshold levels must be reached before outlier funding may be considered. The outlier request system is described in detail in DDSN Directive 250-11-DD: Outlier Funding Request System – Capitated Funding System.

There are nine (9) residential budgeting levels and three (3) non-residential (persons living at home) budgeting levels. A description of each level follows. The current funds allocated for each level and the outlier thresholds are listed in Attachment A: Statewide Individual Funding Levels.

A. Residential

Residential funding bands are sufficient on average to cover the following services:

- Residential Habilitation
- Day Services
- Employment Services
- Enhanced Supports

The following enhanced supports are included as part of the residential habilitation service definition. The cost for these enhanced supports is included in the residential habilitation reimbursement rate. Payment for the following enhanced supports is the responsibility of the residential habilitation service provider:

- Psychological Services, which includes counseling and behavior support services

People in residential placements can also receive the following enhanced supports. These enhanced supports are not included as part of residential habilitation service definition. The cost for these services is included in the residential funding band, but is not included in the residential habilitation reimbursement rate. As such, the contracted residential service provider is not responsible for the cost of the following services: (Please note that Financial Managers receiving the funding band for residential consumers are responsible for the cost of the following services.)

- Adult Companion Services (only allowed if consumer is living in an SLP-I)
- Adult Dental
- Adult Vision
- Audiology
- Assistive Technology
- Prescription Drugs (limit of two (2) over the Medicaid State Plan limit)

Transportation to/from day supports is the responsibility of the residential service provider.

The Residential Funding Bands are as follows:

BAND R Individuals Moving from a Regional Center to the Community

Usually consumers residing in:

- ICFs/IID
- Community Residential Care Facility – Higher Needs
- Community Training Home II – Higher Needs

BAND H Residential Higher Needs

Usually consumers residing in:

- ICFs/IID
- Community Residential Care Facility – Higher Needs
- Community Training Home II – Higher Needs

BAND G Residential Lower Needs

Usually consumers residing in:

- Community Residential Care Facility – Lower Needs
- Community Training Home II – Lower Needs

BAND F Supported Residential – Enhanced Community Training

Usually consumers living in Enhanced Community Training Home I

BAND E Supported Residential – Community Training Home-I

Usually consumers living in Community Training Home-I

BAND D Supported Residential – Supervised Living Program I

Usually consumers living in Supervised Living Program I

BAND C Supported Living – Supervised Living II

Usually consumers living in Supervised Living Program II

BANDS K and L CIRS

Usually consumers living in a Community Inclusive Residential Supports Placement.

B. Non-Residential, “At Home” Levels

“At home” funding bands are sufficient on average to cover the following services:

- Day Services
- Employment Services

Transportation to/from day supports for consumers living at home (Bands A, B and I consumers) is the responsibility of the day supports provider.

The Non-Residential, “At Home” Funding Bands are as follows:

BAND B Family Supports – Home Supports - Intellectual Disabilities/Related Disabilities Home and Community Based Waiver

Consumers who:

- Reside at home, and
- Are in the IID/RD Home and Community Based Waiver, and
- Receive a combination of Day Services, Employment Services, and/or Enhanced Supports.

Enhanced Supports that may be received include:

- Adult Companion Services
- Adult Dental
- Adult Vision
- Audiology

- Assistive Technology
- Nursing
- Personal Care I
- Personal Care II
- Prescription Drugs (limit of two (2) above State Medicaid Plan)
- Psychological Services, including counseling, and behavior support services
- Respite

BAND I Family Supports – Home Supports - Community Supports Home and Community Based Waiver

Consumers who:

- Reside at home, and
- Are in the Community Supports Home and Community Based Waiver, and
- Receive a combination of Day Services, Employment Services, and/or Enhanced Supports.

Enhanced Supports that may be received include:

- Personal Care I
- Personal Care I
- Psychological Services, including counseling, and behavior support services
- Respite

BAND A State Funded Community Supports

Consumers who reside at home and are not enrolled in a waiver.

There is a Budget Calculator on DDSN's Business Tools Portal which lists available services.

C. Outlier Thresholds

When a consumer's circumstances and needs are substantially higher than the average, additional funding is possible through an outlier request system.

Residential Band H: Consumers whose budgets exceed the outlier threshold may be considered for outlier status.

At Home Band B: Consumers whose budgets exceed the outlier threshold may be considered for outlier status. The majority of the approved outliers are for people with high levels of nursing service needs.

When a consumer is given outlier status, the Financial Manager is given funding in addition to the funding band to cover the cost of the approved higher level of services. If the consumer is designated as needing a residential outlier and is served by a contracted qualified provider, the additional approved funding will be added to the contracted qualified provider's reimbursement rate.

IV. NON-CAPITATED SYSTEM

The non-capitated system pays the Financial Manager for specific types of services, rather than for groups of services. The services include:

- For people with Intellectual Disabilities – Related Disabilities or Autism: Case Management, Respite (for those not enrolled in the Home and Community Based Waivers), Individual Rehabilitation Supports, and Early Intervention.
- For people with Head and Spinal Cord Injuries: Case Management, Supported Employment, Individual Rehabilitation Supports, Residential Habilitation, Day Habilitation, Prevocational Services, and Respite.

V. HOW CHOICE WORKS WITH THE FUNDING SYSTEM

A Request For Proposal process is in place through the State Procurement Office to increase the choices available to consumers by identifying and approving providers of services. When a consumer is satisfied with the current services and supports he/she is receiving, it is likely that no changes will be made. However, when services are necessary, justified by an assessment, included in the consumer's approved plan, and the consumer desires another service provider, the consumer may select another service provider from the Qualified Provider List. Funding follows the consumer if he/she elects to change service provider. If another service is appropriate to meet a consumer's needs, he/she may opt for the other service and then select a contracted qualified provider to provide the new service.

If a consumer chooses another contracted qualified provider, the Financial Manager will:

- Document the consumer's/guardian's choice of a qualified provider;
- Obtain the consumer's/guardian's permission (through signature) to transfer the original file and related information specific to the service being delivered; and
- Transfer the original file and all related information to the selected qualified provider.

The Financial Manager will receive the band payment or other funding allocated to the consumer. If the qualified provider elects not to bill Medicaid directly and instead bills the Finance Manager for Medicaid eligible consumers, the Financial Manager will contract with and pay the qualified provider upon delivery of service and submission of appropriate service reporting information including bills presented. If the qualified provider chooses to bill Medicaid directly for those consumers who are Medicaid eligible, the State Medicaid Agency will make payments directly to the provider of a covered service furnished to an eligible consumer in accordance with Section 1902(a)(32) of the Social Security Act. Any amounts paid by the State Medicaid Agency to a qualified provider will be deducted from the funding band payment to the Financial Manager. DDSN may also contract directly with and pay qualified providers.

VI. ASSIGNMENT OF FUNDING BANDS

A. Analyzing the Data

Every month the Cost Analysis Division will download data from three (3) of DDSN's mainframe applications:

- Consumer Data Support System (CDSS); and
- Service Tracking System (STS); and
- Waiver Tracking System (WVR).

The Cost Analysis Division will run different queries and reports and analyze the data.

- Residential reports will be produced to determine who has moved into or out of a residential placement and if a funding band needs to be assigned or changed. In addition, the Cost Analysis Division will sign off on all residential admission/discharge/transfer forms. The form with all approvals will be scanned into a PDF file and sent to the residential service provider. The form indicates what funding band will be assigned to the consumer when he/she moves. If the consumer is moving to a service provider from the Qualified Provider List, the form will also indicate what rate will be paid.
- Reports will be produced to determine which consumers have been enrolled in an “at-home” family support waiver slot and have an approved budget. The reports will also indicate which consumers have been terminated from an “at home” family support slot. Band B funding is provided from the month the waiver budget starts through the month the waiver budget ends. If the consumer attends center-based day supports and that service is in his/her waiver budget, a day program slot will be awarded.

If the consumer initially does not receive center-based day supports (a slot was not awarded), but later started receiving center-based day supports, a day program can be requested at that time.

- Other reports will indicate which consumer living “at home” receives day supports funded either by facility-based rehabilitation support, state funds, or other. It will indicate who has been admitted or discharged from center-based supports and supported employment. Consumers’ Band A funding designations will be made as appropriate. This does not affect the amount of funding received, but it does indicate if a provider has vacancies or is over-enrolled.

B. New Residential Admissions

Consumers moving from “at home” in the community will be automatically funded at the following levels unless otherwise justified through review of the available needs assessments.

- Band G level for ICF/IID, CRCF, and CTH-II placements; or
- Band C level for SLP-II placements; or
- Band D level for SLP-I placements; or
- Band E level for CTH-I placements; or
- Band F level for Enhanced CTH-I placements

In accordance with DDSN Directive 502-01-DD: Admissions/Discharge of Individuals to/from DDSN Funded Community Residential Settings, only those consumers pre-approved by DDSN officials for residential admission will be funded.

Funding Band Changes: If the residential service provider feels a different funding band level is warranted, the residential service provider must provide detailed justification along with supporting documentation (behavioral support plan, behavioral data, the annual plan or Needs Assessments). This justification must be submitted to the appropriate DDSN District Office along with the Community Residential Admissions/Discharge Report. This information, along with any other information DDSN may have, will be staffed and a determination will be made.

Outlier Funding: If the residential service provider feels outlier funding is warranted, the residential service provider must submit the "Initial Request for Outlier Funding" to the appropriate DDSN District Office.

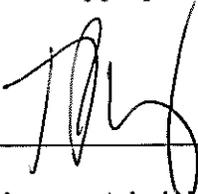

C. Residential Transfers

Consumers moving from DDSN Regional Centers or Alternative Placements will be funded at the following levels, unless otherwise indicated through internal review of assessments of need:

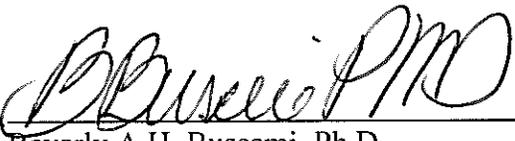

- Band H level for ICF/IID, CRCF, and CTH-II placements; or
- Band C level for SLP-II, Band D level for SLP-I, Band E level for CTH-I, and Band F level for Enhanced CTH-I.

SLP-II, SLP-I, CTH-I and Enhanced CTH-I consumers moving to more restrictive placements in CTH-II's, CRCF's, and ICFs/IID will be funded at the Band G level unless otherwise justified.

Consumers moving to SLP-II, SLP-I, CTH-I, and Enhanced CTH-I placements will be funded at the funding band level appropriate for that type of residential placement
