We work with and pay for services for people in SC living with:

- intellectual and related disabilities
- autism spectrum disorder
- traumatic brain injury
- spinal cord injury and similar disability

We offer a variety of services, such as:

- Employment Services
- Day Services
- Case Management
- Respite services
- Personal Care and Residential Habilitation

We help people with disabilities and their families by giving them choices to best meet their needs, encouragement and support to achieve their life goals, and help to reduce the effects of disabilities or prevent them.
